

2018 ANNUAL FINANCIAL STATEMENTS

remarkable seafood, responsible choice

Clearwater Seafoods Incorporated
Management's Statement of Responsibility for Financial Reporting

The consolidated financial statements and all related financial information contained in the annual report, including Management's Discussion and Analysis, are the responsibility of the management of Clearwater Seafoods Incorporated. The statements have been prepared in accordance with generally accepted accounting principles, using management's best estimates and judgments, where appropriate.

Management is responsible for the reliability and integrity of the consolidated financial statements, the notes to the consolidated financial statements, and other financial information contained in the annual report. In the preparation of these statements, estimates are sometimes necessary because a precise determination of certain assets and liabilities is dependent on future events. Management believes such estimates have been based on careful judgments and have been properly reflected in the accompanying consolidated financial statements.

Management is also responsible for maintaining a system of internal control designed to provide reasonable assurance that assets are safeguarded and that accounting systems provide timely, accurate and reliable financial information.

The Board of Directors of Clearwater Seafoods Incorporated ("the Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The Board is assisted in exercising its responsibilities through the Audit Committee of the Board, which is composed of non-management directors. The Audit Committee meets periodically with management and the auditors to satisfy itself that management's responsibilities are properly discharged, to review the consolidated financial statements and to recommend approval of the consolidated financial statements to the Board.

KPMG LLP, the independent auditors appointed by the Board, have audited Clearwater Seafoods Incorporated's consolidated financial statements in accordance with generally accepted auditing standards and their report follows. The independent auditors have full and unrestricted access to the Audit Committee to discuss their audit and their related findings.

INDEPENDENT AUDITORS' REPORT

To Shareholders of Clearwater Seafoods Incorporated

Opinion

We have audited the consolidated financial statements of Clearwater Seafoods Incorporated (the "Company"), which comprise:

- the consolidated statements of financial position as at December 31, 2018 and December 31, 2017
- the consolidated statements of earnings (loss) and comprehensive income for the years then ended
- the consolidated statements of changes in equity for the years then ended
- the consolidated statements of cash flows for the years then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Company as at December 31, 2018 and December 31, 2017, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "***Auditors' Responsibilities for the Audit of the Financial Statements***" section of our auditors' report.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. Other information comprises:

- the information included in Management's Discussion and Analysis filed with the relevant Canadian Securities Commissions.
- the information, other than the financial statements and the auditors' report thereon, included in a document likely to be entitled "Annual Report".

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, and remain alert for indications that the other information appears to be materially misstated.

We obtained the information included in Management's Discussion and Analysis filed with the relevant Canadian Securities Commissions as at the date of this auditors' report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditors' report.

We have nothing to report in this regard.

The information, other than the financial statements and the auditors' report thereon, included in a document likely to be entitled "Annual Report" is expected to be made available to us after the date of this auditors' report. If, based on the work we will perform on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group Entity to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

1. DESCRIPTION OF THE BUSINESS

Clearwater Seafoods Incorporated ("Clearwater" or the "Company") was incorporated on July 7, 2011 and is domiciled at 757 Bedford Highway, Bedford, Nova Scotia, Canada.

Clearwater's sole investment is the ownership of 100% of the partnership units of Clearwater Seafoods Limited Partnership ("CSLP"), which holds the underlying investments in subsidiaries and a joint venture.

The consolidated financial statements of Clearwater as at and for the years ended December 31, 2018 and 2017 comprise the Company, its subsidiaries and a joint venture (see Note 23). Clearwater's business includes the ownership and operation of assets and property in connection with the harvesting, processing, distribution and marketing of seafood.

2. BASIS OF PREPARATION

(a) Statement of Compliance

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRSs").

The financial statements were authorized for issue by Clearwater's Board of Directors on March 7, 2019.

(b) Basis of Measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following material items measured at fair value through profit or loss:

- Derivative financial instruments
- Earnout liability entered into as part of a business combination
- Liabilities for cash settled share-based compensation arrangements
- Embedded derivative liability within long-term debt extinguished in 2017

The fair value measurements have been described in the notes.

(c) Functional and presentation currency

These consolidated financial statements are presented in Canadian dollars, which is the functional currency of Clearwater and its Canadian subsidiaries. Clearwater's subsidiary in the United Kingdom has a functional currency of Pounds Sterling and the Argentine operations have a functional currency of the US dollar. All tabular financial information presented in Canadian dollars has been rounded to the nearest thousand except per share amounts or as otherwise noted.

Change in functional currency

On July 1, 2018, Clearwater changed the functional currency of a subsidiary from the Argentinean Peso to the US dollar to reflect that the US dollar has become the predominate currency. Key factors considered in this assessment include the currency in which sales are denominated, the underlying currency in which operating costs are determined and the Company's intra-group funding arrangements. The Company has accounted for the change prospectively in accordance with *IAS 21 The Effects of Changes in Foreign Exchange Rates*.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

(d) Critical judgments and estimates in applying accounting policies

The preparation of financial statements requires management to make estimates, judgments and assumptions that materially affect the amounts reported in the consolidated financial statements and accompanying notes. Management bases assumptions, estimates and judgments on historical experience, current trends and events, and all available information that management believes is relevant at the time it prepares the consolidated financial statements. Actual results may differ materially from these estimates.

The following are the accounting policies that are subject to judgments and estimates that Clearwater believes could have the most significant impact on the reported results and financial position.

The information in this note is grouped by accounting policy to include:

- Key sources of estimation uncertainty
- Judgments management made in the process of applying Clearwater's accounting policies (where applicable)

i. Income taxes

Key sources of estimation uncertainty

Accounting for income taxes is based upon evaluation of income tax rules in all jurisdictions where Clearwater operates. In determining the provision for current and deferred income taxes, Clearwater makes assumptions about temporary and permanent differences between accounting and taxable income. Changes in tax law and the level and geographical mix of earnings will impact the effective tax rate. With respect to deferred taxes, Clearwater makes assumptions about when deferred tax assets are likely to reverse, the extent to which it is probable that temporary differences will reverse and whether or not there will be sufficient taxable profits available to offset the tax assets when they do reverse. Clearwater recognizes deferred tax assets only to the extent that it considers it probable that those assets will be recoverable.

Judgments made in relation to accounting policies applied

Clearwater makes judgments about whether to recognize the benefit of deferred tax assets. In making this judgment Clearwater continually evaluates the magnitude and duration of any past losses, current profitability and whether it is sustainable, and earnings forecasts.

For further discussion on deferred income taxes refer to Note 12.

ii. Goodwill and intangible assets

Key sources of estimation uncertainty

Clearwater conducts impairment testing on its goodwill and intangible assets annually in the fourth quarter and whenever events or changes in circumstances indicate that the carrying value may not be recoverable.

Clearwater determines the fair value of each cash-generating unit ("CGU") to which goodwill and intangible assets are allocated using the value in use method, which estimates fair value using a discounted five-year forecasted cash flow estimate with a terminal value. The determination of the recoverable amount involves estimates and assumptions of future sales, product margins, market conditions, allowable catch rates, and appropriate discount rates.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Judgments made in relation to accounting policies applied

In performing its impairment testing, Clearwater makes judgments in determining its CGUs, and the allocation of working capital assets and liabilities and corporate assets to these CGUs.

For further discussion on goodwill and intangible assets, refer to Note 10.

iii. Share-based compensation

Key sources of estimation uncertainty

Clearwater determines compensation expense for share-based compensation using market-based valuation techniques. Clearwater determines the fair value of performance-based non-vested share awards at the date of grant using Black-Scholes and Monte Carlo simulation valuation models. Certain performance-based share awards require Clearwater to make estimates of the likelihood of achieving company and corporate peer group performance goals or internal performance metrics.

Clearwater makes assumptions in applying valuation techniques including estimating the future volatility of the stock price, expected dividend yield, future employee turnover rates and corporate performance.

For further discussion on share-based compensation, refer to Note 21.

iv. Derivative financial instruments

Key sources of estimation uncertainty

Clearwater records the fair value of certain financial assets and liabilities using valuation techniques where the fair value cannot be observed in active markets.

The inputs used in the fair value models contain inherent uncertainties, estimates and use of judgment. Fair value is taken from observable markets where possible and estimated as necessary. Assumptions underlying the valuations require estimation of discount rates, inflation rates, defaults and other relevant variables such as foreign exchange volatility.

For further discussion on derivative financial instruments, refer to Note 7.

v. Earnout liability

Key sources of estimation uncertainty

Clearwater determines the fair value measurement of the Earnout liability based on significant inputs not observable in the market.

The inputs used in the fair value model contain inherent uncertainties, estimates and use of judgment. Inputs are taken from observable markets where possible and estimated as necessary. Assumptions include forecasted earnings and probability assessments.

For further discussion on the fair value measurement of the Earnout liability, refer to Note 7(I).

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

3. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements.

(a) Basis of consolidation

i) Business Combinations and Goodwill

Clearwater measures goodwill in business combinations as the excess of the fair value of the consideration transferred, the amount of any non-controlling interest in the acquiree, less the net recognized amount (generally fair value) of the identifiable assets acquired and liabilities assumed, all measured as of the acquisition date. When the excess is negative, a bargain purchase gain is recognized immediately in consolidated earnings (loss).

Goodwill is subsequently measured at cost less accumulated impairment losses. Goodwill is not amortized and is tested for impairment annually in the fourth quarter and as required if events occur that indicate that its carrying amount may not be recoverable. Goodwill is tested for impairment at the CGU level by comparing the carrying amount to its recoverable amount, consistent with the methodology outlined in Note 3 (h).

Clearwater elects on a transaction-by-transaction basis whether to measure non-controlling interest at its fair value, or at its proportionate share of the recognized amount of the identifiable net assets, at the acquisition date.

Any contingent consideration payable is measured at fair value at the acquisition date. Subsequent changes in the fair value of the contingent consideration are recognized in consolidated earnings (loss).

When the initial accounting for a business combination has not been finalized by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting has not been finalized. These provisional amounts are adjusted during the measurement period, which does not exceed one year from the acquisition date, or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date.

Transaction costs, other than those associated with the issue of debt or equity securities, that Clearwater incurs in connection with a business combination are expensed as incurred and included in other (income) expense in the consolidated statement of earnings (loss).

ii) Subsidiaries

Subsidiaries are entities controlled by Clearwater. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

iii) Joint venture

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The earnings (loss) and assets and liabilities of the joint venture are incorporated into these consolidated financial statements using the equity method of accounting. Under the equity method, a joint venture is initially recognized in the consolidated statement of financial position at cost and adjusted thereafter to recognize Clearwater's share of net earnings (loss) and comprehensive income (loss) of the joint venture.

iv) Transactions eliminated on consolidation

Intercompany balances and transactions are eliminated in preparing the consolidated financial statements. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

(b) Inventories

Inventories consist primarily of raw materials and finished goods and are stated at the lower of cost and net realizable value. Cost includes the cost of materials plus direct labour applied to the product and the applicable share of manufacturing overheads, administration and depreciation, determined on a first-in, first-out basis. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(c) Property, plant and equipment

Property, plant and equipment is measured at cost, less government assistance received, accumulated depreciation and accumulated impairment losses. Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use and location, and borrowing costs.

Depreciation on property, plant and equipment commences in the month the assets are available for use. Vessel refits are capitalized when incurred and amortized over the period between scheduled refits. Construction in progress assets are capitalized during the construction period and depreciation commences when the asset is available for use.

Depreciation is recognized on a straight-line basis to depreciate the cost of each of the components of an item of property, plant and equipment over its estimated useful life. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components). Estimated useful lives are the following:

Asset Component	Rate
Buildings and wharves	10 to 50 years
Plant and equipment	5 to 15 years
Vessels	15 to 25 years
Vessels equipment	1 to 10 years

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to Clearwater and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in consolidated earnings (loss) as incurred.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Gains and losses on disposal of an item of property, plant and equipment are determined as the difference between the proceeds from disposal and the carrying amount of the item, and are recognized net within administrative and selling costs in the consolidated statement of earnings (loss).

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and changes to estimates are adjusted prospectively.

(d) Intangible Assets

Intangible assets include licences, brand names, patents, fishing rights and computer software. Definite life intangible assets are measured at cost less accumulated amortization and any net accumulated impairment losses. Amortization is recognized in the consolidated statements of earnings (loss) on a straight-line basis over their estimated useful lives as follows:

<u>Intangible Asset</u>	<u>Rate</u>
Fishing rights	10 to 15 years
Computer software	3 to 8 years

i) Licences, brand names, patents and fishing rights

Licences and brand names represent intangible assets acquired directly or in a business combination that meet the specified criteria for recognition apart from goodwill and are recorded at their fair values at the date of acquisition and are subsequently carried at cost.

Indefinite life intangible assets, including licences, brand names and patents, are not amortized and are tested for impairment annually in the fourth quarter or more frequently if events or changes in circumstances indicate that the asset may be impaired.

Fishing rights arise from contractual rights to fish quotas; they have definite lives and are amortized over the term of the related operating agreement.

ii) Computer software

Computer software represents intangible assets developed during the enterprise resource planning ("ERP") system conversion including all costs directly attributable to bringing the asset to the location and condition necessary for its intended use. The computer software has a definite life and is amortized over its estimated useful life.

(e) Revenue from contracts with customers

Clearwater sells seafood in a fresh or frozen state to customers. These sales are evidenced by purchase orders or invoices, which set out the terms of the sale, including pricing and shipping terms. Revenue is recognized when control of the product transfers to the customer.

Control transfers to the customer at the point of delivery, which is dependent on the shipping term. Revenue from the sale of seafood products is recognized based on the price specified in the contract, less any customer discounts. No element of financing is recognized as sales are generally made with normal credit terms ranging from 14 days from delivery to 60 days from the date of invoice.

When customers pay before product is shipped, revenue is not recognized until control transfers to the customer.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Clearwater has elected to apply the practical expedient related to contract costs therefore contract costs with an amortization period of less than one year have been expensed as incurred.

Clearwater may also provide services after control of the product has transferred to the customer, including, freight, storage, customs clearing and cleaning. These services represent separate performance obligations for which revenue is recognized over the time that the service is performed for freight, storage and cleaning and at a point in time for customs clearing, being when the goods have cleared customs. The transaction price is allocated to these services based on an expected cost-plus margin approach.

(f) Government assistance

Government assistance received by Clearwater relates to items of property, plant and equipment or research and development expenses.

Government assistance related to property, plant and equipment is deducted from the carrying amount of the related asset and amortized over the same estimated useful life of the asset to which it relates.

Government assistance related to expenses are presented in Other (income) expense.

Clearwater does not have any government assistance that is required to be repaid, nor any forgivable loans.

(g) Financial instruments

Classification

Clearwater classifies its financial assets and financial liabilities into three categories being subsequently measured at 1) fair value through profit or loss ("FVTPL"); 2) amortized cost; or 3) fair value through other comprehensive income ("FVTOCI"). The classification for financial assets depends on the Company's business model, management of the financial asset and the contractual terms of the cash flows.

Financial assets are classified as amortized cost only if both the following criteria are met:

- (1) the financial asset is held within a business model with the objective of collecting the contractual cash flows; and
- (2) the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding.

Derivatives are classified as FVTPL unless they are designated as hedges. Clearwater has not designated any financial liabilities to be recognized as FVTPL.

Clearwater's financial assets and liabilities have been classified as follows:

Financial instrument	Classification	Measurement
Cash	FVTPL	Fair value
Trade and other receivables	Amortized cost	
Long-term receivables	Amortized cost	Initial: Fair Value
Trade and other payables	Amortized cost	Subsequent: Amortized cost
Long-term debt	Amortized cost	
Earnout liability	FVTPL	Fair value
Derivative financial instruments	FVTPL	Fair value
Derivative financial instruments (hedge accounting)	FV - hedging instrument	Fair value

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Measurement

(1) Financial assets and liabilities at amortized cost or FVTPL

On initial recognition, a financial asset or financial liability carried at amortized cost is measured at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset or liability. Transaction costs of financial assets and liabilities carried at FVTPL are recognized in the Consolidated Statement of Earnings (Loss).

(2) Derivative instruments

Derivatives are initially recognized at fair value and subsequently re-measured to their fair value either through profit or loss or other comprehensive income depending on whether the derivative has been designated as a hedging instrument.

When a derivative is designated as a cash flow hedging instrument, the effective portion of the changes in fair value of the derivative is recognized in the Consolidated Statement of Comprehensive Income (Loss) and accumulated within equity. The amount recorded in equity is reclassified to the Consolidated Statement of Earnings (Loss) in the same period during which the hedged item is recognized in the Consolidated Statement of Earnings (Loss).

The ineffective portion of the change in fair value of the derivative is recognized as Net finance costs in the Consolidated Statement of Earnings (Loss).

If the forecasted transaction is no longer expected to occur, the hedge no longer meets the criteria for hedge accounting, the hedging instrument expires or is sold, terminated or expired, or Clearwater elects to discontinue hedge accounting for the derivative, then hedge accounting is discontinued prospectively.

If the forecasted transaction is no longer expected to occur, then the amount accumulated in equity is reclassified to the Consolidated Statement of Earnings (Loss). If hedge accounting is discontinued but the forecasted transaction is still expected to occur, the amount accumulated in equity will be reclassified to the Consolidated Statement of Earnings (Loss) at the same time as the original hedged item.

Derecognition

From time-to-time, Clearwater enters into transactions to sell selected accounts receivables to a commercial partner without recourse. The amount of receivables sold are removed from the Consolidated Statement of Financial Position at the time of the sale. The difference between the carrying amount and the proceeds on sale of the receivables is recorded in Net Finance Costs in the Consolidated Statement of Earnings (Loss). Sale of receivables during the year represent less than 5 percent of consolidated sales.

(h) Impairment

i) Financial assets

The Company assesses expected credit losses on financial assets carried at amortized cost on a forward-looking basis.

For trade receivables, Clearwater applies the simplified approach which requires lifetime expected credit losses to be recognized from initial recognition of the receivables.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Clearwater considers the probability of default on a specific account basis, which involves assessing whether there was a significant increase in credit risk. Indicators include actual or expected changes in the debtor's ability to pay based on information that is available each reporting period; monitoring past due accounts and other external factors. Refer to Note 7(e) for discussion on credit risk and the provision for impairment losses related to trade receivables.

ii) Non-financial assets

Clearwater reviews non-financial assets at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. In addition, for goodwill and intangible assets that have indefinite useful lives an annual impairment test is performed.

The recoverable amount of an asset or CGU is the greater of its value in use ("VIU") and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generate cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets or CGU. Goodwill and the intangible assets acquired in a business combination are allocated to the CGU, or the group of CGUs, that are expected to benefit from the synergies of the combination. This allocation is subject to an operating segment ceiling test and reflects the lowest level at which that asset is monitored for internal reporting purposes.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in earnings (loss). Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGUs, and then to reduce the carrying amounts of the other assets in the unit on a *pro rata* basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates and assumptions used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(h) Translation of foreign currency

i) Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currency of the Company and its' subsidiaries at the exchange rate at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated to the Company's functional currency at the exchange rate as at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

ii) Foreign operations

The assets and liabilities of foreign operations with a functional currency different from Clearwater's presentation currency, including goodwill, intangible assets and fair value adjustments arising on acquisition, are translated into Canadian dollars at exchange rates at the reporting date. Foreign currency differences resulting from this translation are recognized in comprehensive income in the cumulative translation adjustment account. The income and expenses of foreign operations are translated to Canadian dollars at average exchange rates.

When a foreign operation is disposed of, all relevant amounts in the cumulative translation adjustment account are transferred to earnings (loss) as part of the gain or loss on disposal. On the partial disposal of a subsidiary that does not result in loss of control the relevant proportion of such cumulative translation adjustment account is reattributed to non-controlling interest and not recognized in profit or loss.

(i) Income taxes

Income tax expense is comprised of current and deferred income tax. Current tax and deferred income tax are recognized in earnings (loss) except to the extent that they relate to a business combination, or items recognized directly in equity or in other comprehensive income.

Current tax is the expected tax payable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustments to tax payable in respect of previous years. Taxable earnings differs from earnings as reported in the consolidated statement of earnings (loss) because of items of income or expense that are taxable or deductible in years other than the current reporting period or items that are never taxable or deductible.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the temporary differences relating to investments in subsidiaries and joint venture to the extent that it is probable that they will not reverse in the foreseeable future. In addition, deferred tax is not recognized for taxable temporary differences arising on the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized for unused tax losses, and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which it can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

(j) Borrowing costs

Clearwater capitalizes borrowing costs attributable to the acquisition or construction of its qualifying assets which are assets that take a substantial period of time to ready for their intended use, as they are being constructed. Other borrowing costs are recognized as an expense in the period in which they are incurred.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

(k) Finance costs

Finance costs comprises interest expense on borrowings, gains and losses on financial instruments related to long-term debt or interest recognized in earnings (loss), accretion on deferred consideration and refinancing and settlement fees. Borrowing costs determined to be period costs or the amortization of such costs are recorded through earnings (loss).

(l) Share-based compensation

Clearwater has three share-based compensation plans including share appreciation rights ("SARs"), deferred share units ("DSUs") and performance share units ("PSUs"). Refer to Note 21 for a description of the plans.

In accordance with the PSU plan document, vested units may be settled in cash or common shares or by a combination thereof as determined by the Company. Grants settled under the PSU plan up to 2017 were cash-settled and all future grants under the PSU plan will be settled by the issuance of common shares. In 2018, PSUs were settled in common shares.

Cash-settled PSU awards were recorded as liabilities at fair market value at each reporting period with changes in fair value recorded to earnings (loss). Equity-settled PSU awards are measured at fair market value on the grant date of the awards. The fair value of PSU's are calculated using a Monte Carlo simulation model or the share price on the grant date where the performance factor is a non-market condition. Compensation expense is recognized based on the fair value of the awards that are expected to vest and remain outstanding at the end of the reporting period. Clearwater estimates the expected forfeiture rate for each plan and adjusts for actual forfeitures in the period.

The share-based compensation liability related to cash-settled PSU's was recorded in trade and other payables in the consolidated statement of financial position. The cumulative compensation expense related to the equity-settled PSU's is recorded as contributed surplus in equity. The related compensation expense for both cash-settled and equity-settled PSU's is recorded in administrative and selling costs in the consolidated statement of earnings (loss) over the vesting period.

(m) Earnings (loss) per share

Basic earnings (loss) per share is calculated by dividing earnings (loss) for the year attributable to the shareholders of Clearwater by the weighted average number of common shares outstanding during the year.

Diluted earnings (loss) per share is calculated by dividing earnings (loss) for the year attributable to the shareholders of Clearwater, adjusted for the change in the fair market value of the cash-settled PSU's, by the weighted average number of common shares outstanding and the voting rights attributable to the PSU's outstanding during the year. The calculation of the potential dilutive common shares assumes all outstanding PSU's are contingently issuable shares.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

4. CHANGES IN ACCOUNTING POLICIES

Clearwater has adopted the following new and revised standards, along with any consequential amendments, effective January 1, 2018. These changes were made in accordance with the applicable transitional provisions.

IFRS 15 – Revenue from Contracts with Customers

IFRS 15 contains a single model that applies to contracts with customers and two approaches to recognizing revenue: at a point in time or over time. The model features a contract-based five-step analysis of transactions to determine whether, how much, and when revenue is recognized.

The Company adopted IFRS 15 in its financial statements for the annual period beginning on January 1, 2018. The Company has elected to apply the modified retrospective method on transition, which means that comparative periods have not been restated. On transition, cumulative impacts related to adoption are required to be recognized in opening retained earnings; however, no adjustments were required for Clearwater.

Under the new standard, the Company is required to disclose information related to the disaggregation of revenues, performance obligations, significant judgements, contract balances and costs to obtain contracts. Refer to accounting policies and Note 9 in the Consolidated Financial Statements for these disclosures.

IFRS 9 – Financial Instruments

IFRS 9 introduces new requirements for the classification and measurement of financial assets. Under IFRS 9, financial assets are classified and measured based on the business model in which they are held and the characteristics of their contractual cash flows. The standard introduces additional changes relating to financial liabilities and amends the impairment model by introducing a new 'expected credit loss' model for calculating impairment. IFRS 9 also includes a new general hedge accounting standard which aligns hedge accounting more closely with risk management.

The Company adopted IFRS 9 in its financial statements for the annual period beginning on January 1, 2018. The adoption of this standard had no financial impact to Clearwater. Refer to accounting policies and Note 7 in the Consolidated Financial Statements.

New accounting standards not yet adopted

The IASB has issued the following standard that has not been applied in preparing these consolidated financial statements as its effective date falls within annual periods beginning subsequent to the current reporting period.

IFRS 16 Leases

On January 13, 2016, the IASB issued IFRS 16 Leases. This standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. This standard substantially carries forward the lessor accounting requirements of IAS 17, while requiring enhanced disclosures to be provided by lessors. Other areas of the lease accounting model have been impacted, including the definition of a lease. Transitional provisions have been provided.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

The Company will adopt IFRS 16 beginning on January 1, 2019 and has elected to apply the modified retrospective approach on transition. Clearwater currently leases office space, machinery, wharves, equipment and vehicles. Clearwater will not see a material impact on net income as a result of the new lease standard and interest and depreciation will largely offset the amounts previously reported as operating expense. The standard will have an impact on its key performance measures, including earnings before interest, tax, depreciation and amortization, leverage and return on assets.

5. TRADE AND OTHER RECEIVABLES

As at December 31	2018		2017	
Trade receivables	\$	68,952	\$	86,636
Other receivables		16,292		16,460
	\$	85,244	\$	103,096

Included in other receivables is \$9.3 million (December 31, 2017 - \$9.2 million) of value added tax and commodity tax receivables and \$7.0 million (December 31, 2017 - \$7.3 million) of other receivables.

6. INVENTORIES

As at December 31	2018		2017	
Seafood inventory	\$	60,414	\$	68,696
Supplies and other		9,701		10,428
	\$	70,115	\$	79,124

In 2018 inventory costs of \$450.1 million (2017 - \$467.7 million) were recognized in cost of goods sold. Clearwater incurred \$1.2 million (2017 - \$1.8 million) in inventory write-downs which was recognized in cost of goods sold. For inventories pledged as security for long-term debt, refer to Note 13.

7. FINANCIAL INSTRUMENTS

The Company periodically uses derivative instruments as part of an active risk management program. The Company designated certain forward foreign exchange contracts related to USD denominated interest payments as hedging instruments in a hedging accounting, qualifying hedging relationship (cash flow hedge). Changes in the fair value of derivatives in a qualifying hedging relationship are recognized in comprehensive income until the hedged risk affects income. The Company has elected not to use hedge accounting on the remaining derivative instruments and consequently, changes in their fair value are recorded in the consolidated statement of earnings (loss).

Summary of fair value of derivative financial instrument positions:

As at December 31	2018		2017	
Derivative financial assets				
Contracts in a current asset position	\$	1,222	\$	5,797
Contracts in a non-current asset position		12,671		141
	\$	13,893	\$	5,938
Derivative financial liabilities				
Contracts in a current liability position		(9,966)		(1,978)
Contracts in a non-current liability position		(497)		(7,142)
	\$	(10,463)	\$	(9,120)

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

(b) Derivatives designated as Hedging Instruments

Clearwater entered into USD forward foreign exchange contracts to hedge a portion of its USD interest payments, payable semi-annually in May and November each year.

The following table summarizes amounts recognized in the Consolidated Statements of Comprehensive Income (Loss), the amounts reclassified from Accumulated Comprehensive Income (Loss) ("ACL") within equity and the amount recorded in the Consolidated Statements of Earnings (Loss):

	Gain (loss) recognized in ACL		(Gain) loss reclassified from ACL to Net Finance Costs		Ineffectiveness recognized in Net Finance Costs	
	December 31 2018	Year ended December 31 2017	December 31 2018	Year ended December 31 2017	December 31 2018	Year ended December 31 2017
Derivatives in cash flow hedging relationship						
Forward foreign exchange contracts	4,859	(1,781)	(243)	71	-	-
Income tax recovery (expense)	(1,482)	543	74	(22)	-	-
Net gain (loss)	\$ 3,377	(1,238)	(169)	49	-	-

(c) Foreign exchange (gains) losses on long-term debt and working capital

Year ended December 31	2018	2017
Realized (gain) loss		
Long-term debt and working capital	\$ (5,514)	\$ 3,547
Unrealized (gain) loss		
Long term debt and working capital	30,798	(23,693)
Forward foreign exchange contracts, cross currency swaps and cap on long-term debt	(16,223)	5,883
Total unrealized (gain) loss	14,575	(17,810)
	\$ 9,061	\$ (14,263)

(d) Losses (gains) on contract derivatives

Year ended December 31	2018	2017
Realized (gain) loss		
Forward foreign exchange contracts	\$ 1,321	\$ (3,065)
Unrealized (gain) loss		
Forward foreign exchange contracts	14,477	(980)
	\$ 15,798	\$ (4,045)

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

(e) Credit risk

Credit risk refers to the risk of losses due to failure of Clearwater's customers or other counterparties to meet their contractual obligations. Clearwater is exposed to credit risk in the event of non-performance by counter parties to its derivative financial instruments but does not anticipate non-performance of any of the counter parties as Clearwater only deals with highly rated financial institutions.

Clearwater has significant accounts receivable from customers operating in Canada, the United States, Europe and Asia. Significant portions of Clearwater's customers from a sales dollar perspective have been transacting with Clearwater in excess of five years and bad debt losses have been minimal. Clearwater has a policy of using a combination of credit reporting agencies, credit insurance, letters of credit and secured forms of payment to mitigate customer specific credit risk and country specific credit risk. No single customer of Clearwater represented more than 7% of total sales for the year ended December 31, 2018. As a result, Clearwater does not have any significant concentration of credit risk.

Clearwater's trade accounts receivable aging based on the invoice due date was as follows:

As at December 31	2018	2017
0-30 days	93.8%	92.8%
31-60 days	4.6%	5.7%
over 60 days	1.6%	1.5%
	100.0%	100.0%

The carrying amount of accounts receivable is reduced by an allowance for doubtful accounts of \$0.3 million (2017 - \$0.1 million).

Clearwater considers the probability of default on a specific account basis, which involves assessing whether there was a significant increase in credit risk. Indicators include actual or expected changes in the debtor's ability to pay based on information that is available each reporting period; monitoring past due accounts and other external factors. Changes in the allowance for doubtful accounts are summarized in the table below:

As at	December 31 2018	December 31 2017
Balance at January 1	\$ 147	\$ 424
Allowance recognized	120	263
Amounts recovered	(10)	(12)
Amounts written off as uncollectible	-	(247)
Foreign exchange	8	(281)
Balance at December 31	\$ 265	\$ 147

(f) Foreign currency exchange rate risk

Foreign currency exchange rate risk refers to the risk that the value of financial instruments or cash flows associated with the instruments will fluctuate due to changes in foreign exchange rates. Approximately 91% (2017 - 88%) of Clearwater's sales are in currencies other than Canadian dollars, whereas the majority of expenses are in Canadian dollars. As a result, fluctuations in foreign exchange rates may have a material impact on Clearwater's financial condition and operating results. In addition, Clearwater has subsidiaries that operate in the offshore scallop fishery in Argentina and Scotland which exposes Clearwater to changes in the value of the Argentine Peso and GBP.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Risks associated with foreign exchange are partially mitigated by the following strategies:

- (1) Diversify sales internationally which reduces the impact of any country-specific economic risks.
- (2) Execute on pricing strategies so as to offset the impact of exchange rates.
- (3) Limit the amount of long-term sales contracts – Clearwater has very few long-term sales contracts with any customers. Contracts are typically less than 6 months and are based on list prices that provide a margin for exchange rate fluctuations.
- (4) Plan conservatively – Clearwater regularly reviews economist estimates of future exchange rates and uses conservative estimates when managing its business, and
- (5) Foreign exchange hedging program – a portfolio of forward contracts enables Clearwater to lock in exchange rates for up to 18 months for key sales currencies (the US dollar, Euro, Yen and GBP) thereby lowering the potential volatility in cash flows through derivative contracts.

On April 26, 2017, Clearwater completed an offering of USD \$250 million senior unsecured notes, due 2025 with a US dollar coupon rate of 6.875% (“the Notes”). In 2017, Clearwater entered into forward foreign exchange contracts to hedge approximately 80% of the notional value of the Notes at an average rate of 1.2844 and approximately 80% of the coupon payments at an average rate of 1.2830 through to 2022.

The carrying amounts of Clearwater’s foreign currency denominated monetary assets and monetary liabilities (excluding derivative financial instruments) as at December 31, 2018 and December 31, 2017 were as follows (presented in Canadian dollars):

As at December 31	2018	2017
Cash	\$ 28,392	\$ 9,685
Trade receivables	58,583	78,075
Other receivables	16,442	9,618
Long-term receivables	3,151	3,672
Trade and other payables	(24,982)	(31,506)
Long-term debt	(367,593)	(347,026)
Other long-term liabilities	(308)	(616)
Net exposure to foreign currency monetary items	\$ (286,315)	\$ (278,098)

The components of this net exposure by currency are as follows (in foreign currency ‘000’s) at December 31, 2018:

December 31, 2018	GBP	USD	Yen	Euros	RMB	DKK	Argentine Peso
Cash	8,018	3,442	1,169	425	1,508	41,805	267

The following table details Clearwater's sensitivity to a 10% change in the exchange rates against the Canadian dollar. The sensitivity analysis includes outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency exchange rates. The change below is calculated based on the net exposure to foreign currency monetary items.

(In '000 of Canadian dollars)	2018	2017
GBP	(1,000)	(4,059)
USD	(33,610)	(28,968)
Yen	540	630
Euros	4,282	4,459
RMB	154	74
DKK	1,070	534
Argentine Peso	(92)	(381)

(g) Interest rate risk

Interest rate risk refers to the risk that the value of a financial instrument or cash flow associated with the instrument will fluctuate due to changes in market interest rates. Clearwater's interest rate risk arises from long-term borrowings issued at fixed rates which create fair value interest rate risk. Clearwater's variable rate borrowings create cash flow interest rate risk.

Clearwater's long-term debt is carried at amortized cost. In 2017, prior to the refinancing on April 26, 2017, the embedded interest rate floor in Term Loan B was recorded at fair value through earnings (loss).

Clearwater manages its interest rate risk exposure by using a mix of fixed and variable rate debt. In 2017, Clearwater replaced its long-term debt with fixed rate USD Notes and a variable rate Revolving Credit facility and Term Loan B facility (Note 13). As at December 31, 2018, approximately 76% (2017 – 68%) of Clearwater's debt of \$463.4 million (2017 - \$473.2 million) was fixed rate debt with a weighted average interest rate of 6.3% (2017 – 5.8%). A 1% change in interest rates for variable rate borrowings would result in a \$0.9 million increase (or decrease) in interest expense.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

(h) Liquidity risk

Liquidity risk is the risk that Clearwater will encounter difficulty in meeting obligations associated with financial liabilities. Clearwater manages liquidity risk by monitoring forecasted and actual cash flows, minimizing reliance on any single source of credit, maintaining sufficient undrawn committed credit facilities and matching the maturity profiles of financial assets and financial liabilities.

Clearwater's debt facilities are subject to certain financial and non-financial covenants. Clearwater is in compliance with all covenants associated with its debt facilities as of December 31, 2018.

Clearwater's financing needs follow a seasonal pattern with working capital and debt increasing in the second and third quarter of the year as inventories are built up over the primary fishing seasons with sales typically increasing in the third and fourth quarters of the year, reducing leverage over those periods. Management has structured its financing facilities reflecting this pattern and works with its lenders to set financial covenants which consider seasonal liquidity requirements.

The following are the contractual maturities of non-derivative financial liabilities, derivative financial instruments, operating leases and other commitments. The table includes undiscounted cash flows of financial liabilities, operating leases and other commitments, interest and principal cash flows based on the earliest date on which Clearwater is required to pay.

December 31, 2018	Carrying Amount	Total Contractual Cash Flow	2019	2020	2021	2022	2023	>2024
Interest - long-term debt	\$ -	\$ 182,056	\$ 27,951	\$ 27,561	\$ 27,545	\$ 24,989	\$ 23,719	\$ 50,291
Principal repayments - long-term debt	463,417	463,417	23,269	10,080	1,467	91,146	-	337,455
Total long-term debt	463,417	645,473	51,220	37,641	29,012	116,135	23,719	387,746
Trade and other payables	70,507	70,507	70,507	-	-	-	-	-
Operating leases and other	-	10,501	4,882	2,874	1,258	687	270	530
Capital and maintenance projects	-	262	262	-	-	-	-	-
Derivative financial instruments - liabilities	10,463	10,463	9,966	497	-	-	-	-
	\$ 544,387	\$ 737,206	\$ 136,837	\$ 41,012	\$ 30,270	\$ 116,822	\$ 23,989	\$ 388,276

Included in the above commitments for "operating leases and other" are amounts to which Clearwater is committed directly - and indirectly through its partnerships - for various licences and lease agreements, office, machinery and vehicle leases, and vessel and equipment commitments. These commitments require approximate minimum annual payments in each of the next five years as shown above.

Also included in commitments for operating leases and other, are (i) amounts to be paid to a company controlled by a director of Clearwater over a period of years ending in 2020 for vehicle and office leases, which aggregate approximately \$0.04 million (2017 - \$0.07 million).

Forward foreign exchange contracts	(7,075)	(2,045)	-	(9,120)	(9,120)
	\$ (12,354)	\$ (2,045)	\$ (548,306)	\$ (562,704)	\$ (580,610)

¹ Trade and other payables includes share-based compensation of \$4.7 million which is not recorded at amortized cost. Refer to Note 21.

² Earnout liability is recorded at fair value through profit or loss.

Fair value of financial instruments carried at amortized cost:

Except as detailed above, Clearwater considers the carrying amounts of financial assets and financial liabilities recognized in the consolidated financial statements to approximate their fair values. For cash, trade and other receivables, and trade and other payables, the carrying value approximates their fair values due to the short-term maturity of these instruments. The fair values of the long-term receivables are not materially different from their carrying values.

The estimated fair value of Clearwater's long-term debt for which carrying value did not approximate fair value at December 31, 2018 was \$354.3 million (December 31, 2017 - \$363.5 million) and the carrying value was \$367.7 million (December 31, 2017 - \$345.7 million). The fair value of long-term debt has been classified as Level 2 in the fair value hierarchy (described below) and was estimated based on discounted cash flows using current rates for similar financial instruments subject to similar risks and maturities.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

(j) Fair value hierarchy

Assets and liabilities carried at fair value are classified using a three-level hierarchy that reflects the significance of the inputs used in making the fair value measurements. The levels are defined as follows:

- Level 1: Fair value measurements derived from quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Fair value measurements derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: Fair value measurements derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs)

The table below sets out fair value measurements of financial instruments carried at fair value through profit and loss and fair value hedging instruments using the fair value hierarchy:

December 31, 2018	Level 1	Level 2	Level 3
Recurring measurements			
Financial Assets:			
Cash	\$ 35,887	\$ -	\$ -
Forward foreign exchange contracts	-	13,893	-
	\$ 35,887	\$ 13,893	\$ -
Financial Liabilities:			
Forward foreign exchange contracts	-	10,463	-
Earnout liability	-	-	3,513
	\$ -	\$ 10,463	\$ 3,513
December 31, 2017			
Recurring measurements			
Financial Assets:			
Cash	\$ 35,514	\$ -	\$ -
Forward foreign exchange contracts	-	5,938	-
	\$ 35,514	\$ 5,938	\$ -
Financial Liabilities:			
Forward foreign exchange contracts	-	9,120	-
Earnout liability	-	-	5,278
	\$ -	\$ 9,120	\$ 5,278

There were no transfers between levels during the periods ended December 31, 2018 and December 31, 2017.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Clearwater used the following techniques to value financial instruments categorized in Level 2:

- Forward foreign exchange contracts are measured using present value techniques. Future cash flows are estimated based on forward exchange rates (from observable exchange rates at the end of the reporting period) and contract forward rates, discounted at a rate that reflects the credit risk of Clearwater and the various counterparties.

The Earnout liability relating to the Macduff acquisition is a financial liability categorized as Level 3 as the fair value measurement of this financial liability is based on significant inputs not observable in the market.

To determine the fair value of the Earnout liability three primary sources of risk are assessed (i) the risk associated with the underlying performance of Macduff's Earnings before interest, taxes, depreciation and amortization ("EBITDA"); (ii) the risk associated with the functional form of the Earnout liability payments; and (iii) the credit risk associated with the future Earnout liability payments. The fair value of the Earnout liability payments is estimated based on a Monte Carlo simulation under a risk-neutral framework. The fair value of the Earnout liability is estimated based on discounted expected future EBITDA cash flows for Macduff for the remaining period ending December 31, 2020. The following inputs and assumptions were used in calculating the fair value of the Earnout liability including:

- Payment dates: The Earnout liability is be payable for the periods ending December 31, 2018 through December 31, 2020, based on the expected pattern of the Deferred Obligation and the expected outstanding amount of Deferred Obligation at the end of each year.
- Forecasted EBITDA: Management's forecast for the remaining period;
- Risk adjusted discount rate: 7.5%
- Asset volatility: The estimated asset volatility of Macduff is based on its observable historical EBITDA volatility. In the context of calculating the asset volatility, the following inputs to derive the asset volatility were used:
 - Debt value: 1.8x EBITDA
 - Enterprise Value: 7.5x EBITDA
 - EBITDA volatility: 26%

A risk adjusted payout is calculated at each time period and discounted at the risk-adjusted rate to the valuation date. This process is simulated 100,000 times and the expected value of the Earnout liability is retrieved. Based on the method stated above, the fair value of the Earnout liability was determined to be £2.0 million (CDN \$3.5 million) as at December 31, 2018.

The change in the fair value of the Earnout liability for the Year ended December 31, 2018 was a decrease of £0.4 million (CDN \$0.6 million) (2017 - decrease of £1.6 million (CDN \$2.7 million)).

The fair value estimates are not necessarily indicative of the amounts that Clearwater will receive or pay at the settlement of the contracts.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

8. LONG-TERM RECEIVABLES

As at December 31		2018	2017
Advances to fishermen	\$	4,930	5,077
Other		40	-
	\$	4,970	\$ 5,077

Certain advances to fishermen are made for a fixed term, secured by an assignment of catch and are non-interest bearing unless there is no supply for 6 weeks, at which time the loans become repayable in installments and are interest bearing. Other advances to fishermen bear interest at prime plus 1% - 3% (2017 - prime plus 2% - 3%) are due on demand, and are secured by an assignment of catch, a marine mortgage on the related vessels, equipment and licences.

Advances to fishermen are presented as non-current as the entire balances are not expected to be repaid in the current year and it is not Clearwater's intention to demand payment unless the terms of the advance agreements are not met. Certain advances to fishermen are denominated in Pounds Sterling (see Note 7 (h)). There is no material expected loss provision on long-term receivables.

Clearwater maintains fishing licences and rights to ensure continued access to the underlying resource. Fishing licences have an indefinite life as they have nominal annual renewal fees, which are expensed as incurred, and the underlying stocks of the species are healthy. The licences and goodwill are tested for impairment annually and when circumstances indicate the carrying value may be impaired.

Indefinite life licences, brand names, patents and goodwill

Annual impairment testing for each CGU was performed using a VIU approach as of December 31, 2018. The recoverable amount is the higher of the VIU and fair value less cost of disposal. The VIU for all CGU's were determined to be higher than their carrying amounts and therefore no impairments were recorded during 2018.

The value in use was determined by discounting the projected future cash flows generated from operations for the applicable CGU. Unless otherwise indicated in notes i – iii, the assumptions used in the goodwill and indefinite life intangible assets value in use for 2018 were determined similarly to those used in 2017.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

The carrying value of Clearwater's significant CGU's are as follows:

As at December 31	December 31 2018	December 31 2017
Scallops		
Indefinite life assets	\$ 53,541	\$ 54,456
MacDuff		
Goodwill	42,985	44,558
Indefinite life assets	76,652	74,886
Brand names	10,717	10,402
Brand names		
Goodwill	5,638	5,638
Indefinite life assets	25,560	25,111
	\$ 215,093	\$ 215,051

The discounted cash flows used in determining the recoverable amounts were based on the following key assumptions:

- i) Cash flows from operations were projected for a period of five years based on a combination of past experience, actual operating results and forecasted earnings. Terminal values and forecasts for future periods were extrapolated using inflation rates of 2% - 2.5% (2017: 2% - 2.5%).
- ii) Pre-tax discount rates ranging from 9% - 13% (2017: 9% - 13%) were applied in determining the recoverable amount of the CGU's. The discount rates were estimated based upon weighted average cost of capital, and associated risk for the CGU.
- iii) Cash flow adjustments for capital expenditures were based upon a management approved capital expenditure forecast, and terminal year capital expenditures were based on required refits over the period of the fishing licence.

The following assumptions were used for each individual CGU:

	Terminal growth rate		Pre-tax discount rates	
	2018	2017	2018	2017
Argentine scallops	2.0%	2.0%	13.0%	13.0%
Clams	2.0%	2.0%	9.5%	9.5%
Turbot	2.0%	2.0%	9.5%	9.5%
CDN scallops	2.0%	2.0%	9.5%	9.5%
FAS shrimp	2.0%	2.0%	9.5%	9.5%
Lobster	2.0%	2.0%	10.0%	10.0%
MacDuff	2.5%	2.5%	11.0%	11.0%
Other	2.0%	2.0%	9.0%	9.0%

The values assigned to the key assumptions represent management's assessment of future trends in the industry and are based on both internal and external sources.

Definite life fishing rights

Amortization relates to fishing rights. Amortization is allocated to the cost of inventory and is recognized in cost of goods sold as inventory is sold.

Refer to Note 13 for assets pledged as security for long-term debt.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Computer software

Clearwater implemented a new enterprise resource planning system ("ERP") in 2016 and began amortizing on a straight-line basis over 3 - 8 years, beginning in the second quarter of 2016.

11. INVESTMENT IN EQUITY INVESTEE

The following table summarizes the financial information of Adams and Knickle Limited, a joint venture in which Clearwater owns 50% and is accounted for using the equity method:

Year ended December 31		2018	2017
Carrying amount of interest in joint venture	\$	9,382	9,817
Share of:			
Earnings for the year		2,923	2,656
Dividends from joint venture		3,228	3,340

12. INCOME TAXES

(a) Reconciliation of income tax expense

The effective rate on Clearwater's earnings before income taxes differs from the expected amount that would arise using the combined Canadian federal and provincial statutory income tax rates.

A reconciliation of the difference is as follows:

Year ended December 31		2018	2017
Earnings (loss) before income taxes	\$	(1,966)	\$ 35,897
Combined tax rates		30.5%	30.5%
Income tax provision at statutory rates	\$	(600)	\$ 10,949
Add (deduct):			
Income of partnerships taxed in the hands of the partners	\$	(3,618)	\$ (2,458)
Permanent differences		4,452	(2,565)
Benefit of non-capital loss not recognized		-	5,451
Benefit of capital loss not recognized		4,099	-
Recognition of previously unrecognized deferred tax assets		(2,636)	(2,970)
Effect of rate differences		(22)	639
Income of foreign subsidiary not subject to tax		1,153	(50)
Other		(1,088)	(1,338)
Actual provision	\$	1,740	\$ 7,658

(b) Income tax expense

The components of the income tax expense (recovery) for the year are as follows:

Year ended December 31		2018	2017
Current income tax expense	\$	6,318	\$ 12,375
Deferred tax expense (recovery)		(4,578)	(4,717)
	\$	1,740	\$ 7,658

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

(c) Deferred tax assets and liabilities

Deferred tax assets and liabilities are attributable to the following:

Year ended December 31	2018	2017
Deferred tax assets:		
Non-capital loss carry-forwards	\$ 20,770	\$ 18,198
Unrealized foreign exchange	-	1,472
Share issuance costs	418	805
Reserve for unpaid share-based compensation	798	1,094
Capital losses	-	3,590
Other	2,371	656
Deferred tax liabilities:		
Licences and intangibles	(22,422)	(22,932)
Unrealized foreign exchange	(1,215)	-
Property, plant and equipment	(3,235)	(5,227)
Long-term debt	(1,051)	(4,147)
	\$ (3,566)	\$ (6,491)

Classified in the consolidated statement of financial position as:

Deferred tax asset	14,266	11,349
Deferred tax liability	(17,832)	(17,840)
	\$ (3,566)	\$ (6,491)

The net change in deferred income taxes is reflected in deferred income tax recovery of \$4.6 million (2017 - \$4.7 million), plus \$1.4 million (2017 - recovery \$0.5 million) of deferred tax expense recorded through other comprehensive loss (Note 7 (b)), less the foreign exchange effect of deferred taxes of foreign subsidiaries totaling \$0.3 million (2017 - \$0.1 million), the effect of which was recorded through foreign exchange.

The deferred tax asset recorded for non-capital loss carry-forwards is recognized based on Clearwater's estimate that it is more likely than not than it will earn sufficient taxable profits to utilize these losses before they expire.

Unrecognized deferred tax assets

Clearwater has the following deductible temporary differences, unused tax losses and unused tax credits for which no deferred tax asset is recognized in the consolidated statements of financial position.

	Clearwater Seafoods Inc.	Subsidiary Corporations	Total	Expiry
Non-capital losses	\$ -	\$ 6,665	\$ 6,665	2026 - 2037
Investment tax credits	20,244	930	21,174	2023 - 2038
Capital losses	68,089	380	68,469	No expiry
Accounts receivable	-	13,750	13,750	N/A

Unrecognized deferred tax liabilities

Deferred tax is not recognized on the unremitted earnings of subsidiaries and other investments as the Company is in a position to control the reversal of the temporary difference and it is probable that such differences will not reverse in the foreseeable future. The unrecognized temporary difference at December 31, 2018 for the Company's subsidiaries was \$95.3 million (December 31, 2017 - \$84.2 million).

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

13. LONG-TERM DEBT

As at December 31	2018	2017
Senior debt (a):		
USD senior unsecured notes, due May 2025 (USD \$250,000)	\$ 333,955	\$ 306,684
Term loan B, due May 2022	34,177	34,466
Revolving credit facility, due May 2022	58,019	87,682
Deferred obligation (b)	16,504	23,181
Earnout liability (b)	3,513	5,278
Term loan, due June 2019 (c)	13,637	12,215
Term loan, due in 2091 (d)	3,500	3,500
Other loans	112	167
Total debt	463,417	473,173
Less: current portion ¹	(23,269)	(21,025)
Total long-term debt	\$ 440,148	\$ 452,148

¹ Current portion of long-term debt includes scheduled payments related to the Senior debt, Deferred Obligation payments, less accretion during the period and minimum payment related to the Earnout Liability.

(a) Senior debt

In April 2017, Clearwater refinanced its senior debt facilities. The Company issued USD \$250 million of 6.875% Senior Notes due May 2025 (the "Senior Notes"). Concurrent with issuing the Senior Notes, Clearwater entered into new senior secured credit facilities in an aggregate availability of CDN \$335 million, consisting of a CDN \$300 million revolving credit facility and a CDN \$35 million amortizing secured term loan ("Term Loan B"), each maturing in 2022 (the "Senior Secured Credit Facilities"). Clearwater used the net proceeds from the sale of the Senior Notes, together with the new borrowings under the Senior Secured Credit Facilities, to refinance existing senior secured credit facilities (Term Loan A, Term Loan B that were due in June 2018 and June 2019 and senior revolving credit facility) and for general corporate purposes.

The refinancing was accounted for as a settlement of the prior facilities and consequently \$4.2 million of unamortized deferred financing costs and refinancing costs were recorded within Net Finance Costs (refer to Note 13 (e)). Financing costs related to the Senior Notes and Senior Secured Credit Facilities of \$12.0 million had been deferred and amortized into interest using the effective interest method over the term of the debt.

On March 29, 2018, Clearwater amended the terms of the secured credit facility agreement to temporarily increase the secured indebtedness to EBITDA covenant requirement for the duration of 2018 and obtained a reduction in the availability on the revolving credit facility from \$300 million to \$200 million. The transaction costs of \$0.2 million were added to deferred financing costs and will be amortized over the remaining term of the credit facility using the effective interest rate.

As at December 31, 2018, Senior debt consists of Senior Notes, a Term Loan B facility and revolving credit facility.

Senior Notes, due 2025 – The USD \$250.0 million (CDN \$340.9 million) Senior Notes have a coupon rate of 6.875%, with coupon payments payable in semi-annual installments of USD \$8.6 million (CDN \$11.7 million) in May and November each year. The balance is shown net of unamortized deferred financing charges of USD \$5.1 million (CDN \$7.0 million) which resulted in an effective interest rate of 7.20%.

Refer to Note 7 for details on forward foreign exchange contracts used to economically hedge a portion of the foreign exchange risk related to the notional and coupon payments for the Senior Notes.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Term Loan B facility, due 2022 – The Term Loan B consists of an initial term loan of CDN \$35.0 million. The principal outstanding as at December 31, 2018 was CDN \$34.4 million. The loan is repayable in quarterly installments totalling \$0.35 million per year, with the balance due at maturity in May 2022. The facility bears interest ranging from banker's acceptance rate ("BA rate") plus 2.50% to 3.25%. The range is determined quarterly based on a ratio of Senior Secured Indebtedness to EBITDA, with EBITDA calculated on a trailing twelve-month basis. The balance is shown net of deferred financing charges of CDN \$0.2 million resulting in an effective interest rate of 4.46%.

Revolving credit facility, due 2022 – The CDN \$200 million revolving credit facility can be drawn in CDN, USD, EUR, YEN or GBP. As at December 31, 2018 the balances were drawn in CDN and bear interest at the BA rate plus 1.50% to 2.25%. The range is determined quarterly based on a ratio of Senior Secured Indebtedness to EBITDA, with EBITDA calculated on a trailing twelve-month basis. The balance is shown net of deferred financing charges of CDN \$2.0 million, resulting in effective rates of 4.53% for CDN balances. The availability of this facility, subject to financial covenants, is further reduced by the term loan outstanding in note (c), as such the availability as at December 31, 2018 was approximately CDN \$90.3 million. The facility has standby fees ranging from 0.25% to 0.30% based upon the Senior Secured Indebtedness to EBITDA ratio as of the last day of the immediately preceding fiscal quarter.

The Revolving Credit Facility and Term Loan B, due 2022, are secured by a first charge on cash, trade and other receivables, inventories, marine vessels, licences and quotas, and Clearwater's investments in certain subsidiaries.

In addition to the minimum principal payments for Term Loan B, the loan agreement requires that between 0% and 50% of excess cash flow (defined in the loan agreement as EBITDA, excluding non-controlling interest in EBITDA less principal debt repayments (excluding revolver payments), less interest expense, less capital expenditures funded through operating cash flows, less certain tax expenses), be used to repay the principal based on the previous fiscal year's results upon approval of the annual consolidated financial statements. No principal repayment was required under this condition in 2017 or 2018.

(b) Deferred Obligation and Earnout Liability

In connection with the 2015 acquisition of MacDuff, there are two components of the purchase price that are to be paid in future periods as discussed below:

(i) Deferred obligation

The Deferred Obligation relates to deferred payments for 33.75% of the shares of Macduff acquired by Clearwater (the "Earn Out Shares") in 2015. Excluding the fair value adjustment on acquisition, the principal balance outstanding as at December 31, 2018 is £10.5 million (CDN \$18.3 million) (December 31, 2017 - £15.7 million (CDN \$26.5 million)) and does not bear interest. The Deferred Obligation is recorded at the discounted amount based on estimated timing of payment and is being accreted to the principal amount over the estimated term using the effective interest method with an effective average interest rate of 7.44%.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

The following is a reconciliation of the Deferred Obligation:

		GBP		CDN
Balance - at acquisition	£	20,925	\$	42,388
Accretion		3,262		5,722
Principal repayments		(10,462)		(17,539)
Effect of movement in foreign exchange		-		(7,390)
Balance - December 31, 2017	£	13,725	\$	23,181
Accretion - Year ended December 31, 2018		991		1,720
Principal repayment		(5,231)		(8,903)
Effect of movement in foreign exchange		-		506
Balance - December 31, 2018	£	9,485	\$	16,504

On October 30th of each year, the holders of the Earn Out Shares can elect to be paid up to 20% of the original Deferred Obligation amount. Beginning in 2017, Clearwater had the right to exercise the payout of 20% of the Deferred Obligation annually. The percentage of the Deferred Obligation remaining unpaid will impact the fair value of the future performance component of the additional consideration, the Earnout liability.

On October 30, 2018 and 2017, the holders of the Earn Out Shares elected to be paid 20% of the outstanding Deferred Obligation. As a result, a payment of £5.2 million (CDN - \$8.9 million) was made in November 2018 and £5.2 million (CDN - \$8.8 million) in November 2017.

(ii) Earnout liability

The Earnout liability is unsecured additional consideration to be paid dependent upon the financial performance of Macduff and the percentage of Deferred Obligation remaining unpaid at the time of payment (refer to Deferred Obligation above). The estimated fair value of the Earnout liability at December 31, 2018 is £2.0 million (CDN - \$3.5 million) (December 31, 2017 - £3.1 million, CDN - \$5.3 million) based on forecast earnings and probability assessments. The actual Earnout payments will be paid over a five-year period ending 2021.

The amount of the total Earnout liability is calculated as follows:

The greater of:

- (i) £3.8 million; or
- (ii) up to 33.75% (dependent upon the percentage of Deferred Obligation remaining unpaid each year) of the increase in equity value of the business over five years calculated as 7.5x adjusted EBITDA of Macduff less the outstanding debt of Macduff; and
- (iii) 10% of adjusted EBITDA of Macduff above £10 million (dependent upon the percentage of Deferred Obligation remaining unpaid each year).

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

The Earnout liability is recorded at fair value on the consolidated statement of financial position at each reporting period until paid, with changes in the estimated fair value being recorded as a component of other expense on the Consolidated Statement of Earnings (Loss).

		GBP		CDN
Balance - at acquisition	£	6,100	\$	12,357
Fair value adjustment		(2,238)		(3,841)
Payment		(737)		(1,333)
Effect of movement in foreign exchange				(1,905)
Balance - December 31, 2017	£	3,125	\$	5,278
Fair value adjustment		(350)		(623)
Payment		(756)		(1,354)
Effect of movement in foreign exchange		-		212
Balance - December 31, 2018	£	2,019	\$	3,513

(c) Term Loan, due 2019

The principal outstanding as at December 31, 2018 was USD \$10.0 million (CDN \$13.6 million) (December 31, 2017 - USD\$10.0 million; CDN \$12.2 million). The loan is held through a Clearwater subsidiary. The loan was renewed in June 2018, is non-amortizing, repayable at maturity in June 2019 and bears interest payable monthly at 5.5% per annum.

(d) Term Loan, due 2091

In connection with this term loan, Clearwater makes a royalty payment of CDN \$0.3 million per annum in lieu of interest. This equates to an effective interest rate of approximately 8.0% per annum.

(e) Net finance costs

Year ended December 31		2018		2017
Interest expense on financial liabilities	\$	28,551	\$	28,205
Amortization of deferred financing charges and accretion		1,695		1,555
		30,246		29,760
Accretion on deferred consideration (Note 13 (b))		1,720		2,166
Fair value adjustment on embedded derivative (Note 13 (a))		-		(703)
Interest rate swaps and caps ⁽¹⁾		-		(4,347)
Debt settlement ⁽²⁾ & refinancing fees		-		8,404
		1,720		5,520
	\$	31,966	\$	35,280

(1) Interest rate swaps and caps represents unrealized (gains) losses as a result of the change in fair value during the year. Realized gains and losses are reflected in interest expense and bank charges and debt settlement and refinancing fees.

(2) Debt settlement includes loss on settlement of existing interest rate swaps and cross currency swaps and cap, forward foreign exchange contracts, remaining unamortized deferred financing costs and accretion.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

14. SHARE CAPITAL

Authorized:

Clearwater is authorized to issue an unlimited number of common shares.

Share capital movement:

As at December 31	2018		2017	
Share capital:	#	\$	#	\$
Balance at January 1	63,934,698	210,860	63,934,698	210,860
Shares issued under share-based compensation plans	21,185	98	-	-
Shares issued under dividend reinvestment plan	886,110	4,548	-	-
Balance at December 31	64,841,993	215,506	63,934,698	210,860

On February 15, 2018, Clearwater approved a Dividend Reinvestment Plan ("DRIP") effective February 23, 2018 to provide shareholders with the option to have the cash dividends declared on the common shares of Clearwater reinvested automatically back into additional shares. Shares may be either newly issued from treasury or purchased on the open market. Clearwater may from time to time, in its sole discretion, offer a discount of up to 5% of the average market price for shares purchased from treasury. Clearwater will provide a discount of 3% from the average market price for shares purchased under the DRIP until further notice.

Clearwater has 2.5 million common shares (December 31, 2018 – 2.5 million remaining) reserved for issuance under the share-based compensation plans and 3.0 million (December 31, 2018 – 2.1 million remaining) under the DRIP.

During the year ended 2018, dividends of \$12.8 million were declared and paid as follows:

Payment Date	# of Shares Outstanding	Dividends per Share
April 2, 2018	63,955,169	\$ 0.05
June 1, 2018	64,060,448	\$ 0.05
September 4, 2018	64,345,020	\$ 0.05
December 3, 2018	64,600,116	\$ 0.05

During the year ended 2017, dividends of \$12.8 million were declared and paid as follows:

Payment Date	# of Shares Outstanding	Dividends per Share
April 3, 2017	63,934,698	\$ 0.05
June 2, 2017	63,934,698	\$ 0.05
September 1, 2017	63,934,698	\$ 0.05
December 1, 2017	63,934,698	\$ 0.05

Subsequent to the end of the year, on March 7, 2019 the Board of Directors declared a quarterly dividend of \$0.05 per share payable on April 1, 2019 to shareholders of record as of March 18, 2019 for a total of \$3,242,100.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

15. REVENUE

Clearwater recognized the following revenue from customers:

Year ended December 31	2018	2017
Revenue from contracts with customers	\$ 592,246	\$ 621,031

Disaggregation of revenue from contracts with customers

Clearwater's revenue from contracts with customers is primarily generated through the sale of seafood product in a fresh or frozen state to customers. Clearwater recognizes revenue on the sale of seafood product at a point-in-time. Clearwater may provide additional services after control of seafood product has transferred to the customer, including freight, storage, customs clearing and cleaning. These services are recognized over time except from customs clearing which is recognized at a point-in-time. These services are each considered separate performance obligations.

The timing of revenue recognition related to seafood product is dependent on shipping terms, in which Clearwater uses International Commercial terms ("Incoterms") as agreed upon with each customer. These internationally recognized shipping terms specify when control of the goods have transferred to the customer and therefore when revenue should be recognized.

Refer to Note 22 for revenue disaggregated by species and region.

Refer to Note 5 for trade receivables from contracts with customers.

16. NON-CONTROLLING INTEREST

On October 26, 2018, Clearwater acquired an additional 1% interest in its Argentina subsidiary for USD \$1 million (CDN \$1.3 million) increasing Clearwater's ownership from 85% to 86%. On May 29, 2017, Clearwater acquired an additional 5% interest for USD \$5.0 million (CDN \$6.7 million) increasing Clearwater's ownership from 80% to 85%.

The carrying value of the subsidiary's net liabilities in the consolidated financial statements on the date of acquisition was \$12.3 million (2017 - \$8.9 million), including the cumulative translation adjustment account. The acquisition resulted in a reduction to retained earnings attributable to shareholders of Clearwater of \$1.4 million (2017 - \$7.2 million).

Year ended December 31	2018	2017
Carrying amount of net deficit	\$ (12,259)	\$ (8,895)
Non-controlling interest acquired (deficit)	(119)	(445)
Consideration paid to non-controlling interest	1,312	6,725
Decrease in retained earnings attributable to shareholders of Clearwater	\$ 1,431	\$ 7,170

CLEARWATER SEAFOODS INCORPORATED

17. OPERATING EXPENSES

Year ended December 31	2018	2017
Salaries and benefits	\$ 41,308	\$ 40,197
Share-based incentive compensation	1,289	409
Employee compensation	42,597	40,606
Consulting and professional fees	12,827	14,238
Other	3,559	4,977
Selling costs	2,319	2,816
Travel	2,770	3,089
Occupancy	1,578	1,548
Donations	1,298	1,648
Total administrative and selling costs before allocation	24,351	28,316
Allocation to cost of goods sold	(13,439)	(13,371)
Total administrative and selling costs	53,509	55,551
Restructuring costs	482	6,856
Operating expenses	\$ 53,991	\$ 62,407

Restructuring costs consisted of severance costs associated with the targeted restructuring of the Company's employee base and changes to Clearwater's distribution infrastructure initiated in the fourth quarter of 2017.

18. OTHER (INCOME) EXPENSE

Year ended December 31	2018	2017
Acquisition related costs	\$ 384	\$ 464
Share of earnings of equity-accounted investee	(2,923)	(2,656)
Royalties, interest income and other fees	(745)	(431)
Other (income) fees	170	(994)
Fair value adjustment on earn-out liability	(623)	(2,769)
Export rebates	-	(1,190)
Other (income) expense	\$ (3,737)	\$ (7,576)

19. EMPLOYEE COMPENSATION

Employee compensation is classified in the consolidated statement of earnings (loss) based on the related function. The following table reconciles Clearwater's compensation expense items to the functions where the amounts are presented on the consolidated statement of earnings (loss):

Year ended December 31	2018	2017
Salaries and benefits	\$ 146,105	\$ 151,410
Share-based compensation	1,289	409
	\$ 147,394	\$ 151,819
Cost of goods sold	\$ 113,570	\$ 120,511
Administrative and selling costs	33,824	31,308
	\$ 147,394	\$ 151,819

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

20. EARNINGS (LOSS) PER SHARE

The earnings and weighted average number of shares used in the calculation of basic and diluted earnings (loss) per share is as follows:

In thousands except number of shares and per share data	2018		2017	
Earnings (loss) attributable to shareholders - basic and diluted	\$	(16,204)	\$	15,759
Weighted average number of shares outstanding - basic		64,298,784		63,934,698
Adjustment for stock-based compensation plan shares		-		60,344
Weighted average number of shares outstanding - diluted		64,298,784		63,995,042
Earnings (loss) per share				
Basic	\$	(0.25)	\$	0.25
Diluted	\$	(0.25)	\$	0.25

Diluted earnings (loss) for the period is calculated based on earnings attributable to the shareholders of Clearwater after the adjustment for any potentially dilutive cash-settled share-based payments. There was no revaluation adjustment related to cash-settled share-based payments for the year ended December 31, 2018.

Diluted weighted average number of shares outstanding are adjusted for the dilutive effect of share-based compensation. For the year ended December 31, 2018, 123,833 (2017 – nil) potentially dilutive shares were excluded from the calculation of diluted (loss) earnings per share as they were anti-dilutive.

21. SHARE-BASED COMPENSATION

Clearwater's share-based compensation plans are disclosed in Note 3 (l). An aggregate amount of 2.5 million Common Shares of Clearwater are issuable under the deferred share unit and performance share unit plans.

Clearwater has the following share-based compensation plans:

Share appreciation rights ("SARs")

The share appreciation rights plan is a phantom share plan that provides the holder a cash payment equal to the fair market value of Clearwater's shares, less the grant price. SARs vest over a three-year period and have no expiry.

Deferred share units ("DSU")

There are two deferred share unit plans that provide the holder a cash payment equal to the fair market value of Clearwater's common shares on the date of settlement or equity-settlement. The retention DSU plan awards vest once the holder reaches the age of 65 with continued employment by Clearwater, or death. The director DSU plan allows non-employee directors to receive, in the form of deferred share units, all or a percentage of director's fees, which would be otherwise payable in cash. Each director DSU vests at the grant date.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Performance share units ("PSU")

Performance share units are issued to both employees and directors. Prior to 2018, holders of PSUs received settlement amounts measured based upon the relative performance of Clearwater shares to its pre-defined peer group. Performance was based on the total return to shareholders over the defined period. Beginning in 2018, the performance measure is based on Clearwater's performance relative to specific internal targets.

Vested units will be settled in cash or shares or by a combination thereof as determined by the Company. All outstanding grants under the PSU plan will be settled by the issuance of common shares.

The number of share-based awards outstanding and vested as of December 31, 2018 and 2017 were as follows:

As at December 31, 2018 (in thousands)	Grant price	Number outstanding	Number vested	Grant Date
SARs	\$ 0.80	83	83	May 2010
	1.00	67	67	May 2010

Exercised	(141)	(20)	(41)	(49)	-	-	(251)
Vested at December 31, 2017	-	61	-	-	465	150	676

The following units were settled in the year ended December 31, 2018:

As at December 31, 2018	Grant price	Number exercised In thousands	Exercise date	Share price at exercise date
PSU - Tranche 4	N/A	61	March 2018	\$4.63
PSU - Tranche 5	N/A	9	June 2018	\$5.04
PSU - Tranche 6	N/A	11	June 2018	\$5.04
PSU - Tranche 7	N/A	9	June 2018	\$5.04
Total		90		

These awards were equity settled during 2018. Refer to Note 14 for the number of shares issued after taking into consideration the performance factor as described in Note 3 (l).

The following units were settled in the year ended December 31, 2017:

As at December 31, 2017	Grant price	Number exercised In thousands	Exercise date	Share price at exercise date
PSU - Tranche 3	N/A	141	April 2017	\$10.37
PSU - Tranche 4	N/A	20	November 2017	7.14
PSU - Tranche 5	N/A	41	November 2017	7.14
PSU - Tranche 6	N/A	49	November 2017	7.14
Total		251		

These awards were cash settled during 2017 for \$1.7 million, after taking into consideration the performance factor as described in Note 3 (m).

The PSU Tranche 5 awards are fully vested as of December 31, 2018 and the total expense recorded over the vesting period was \$1.7 million recognized within contributed surplus. These awards will be equity settled in the first quarter of 2019.

The retention DSUs awards are fully vested as of December 31, 2018 and will be settled in cash in the first quarter of 2019.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Dividend equivalents

When cash dividends are paid to shareholders of Clearwater, dividend equivalent PSUs and DSUs are granted to the Participants which are equal to the greatest number of whole share units having a market value, as of the payment date of the dividend, equal to the product of the cash dividend paid per share multiplied by the number of PSUs and DSUs outstanding. The additional PSUs and DSUs granted are subject to the same terms and conditions as the corresponding PSU or DSU Grant.

Fair value of share-based awards

The SARs issued and outstanding are fully vested and are expected to be cash settled on the exercise date; therefore, vested awards are recorded as liabilities at the intrinsic value of the SARs.

Retention DSU awards have fully vested. Awards may be redeemed up to one year following retirement and therefore recorded at the share price at the end of the reporting period. Awards for which redemption notices have been received but are still outstanding as of December 31, 2018, are recorded at the share price at the time of the election.

Measurement inputs for the remaining plans include the fair value of Clearwater's shares, exercise price of the instrument, expected volatility (based on weighted average historic volatility adjusted for changes expected due to publicly available information), weighted average expected remaining life of the instruments (based on historical experience and general option holder behaviour), expected dividends, and the risk-free interest rate (based on government bonds), as follows:

	2018		
	PSU Tranche 6	PSU Tranche 7	DSU
Weighted average fair value per award	\$ 11.85	\$ 4.95	\$ 5.89
Weighted average risk-free interest rate	1.11% - 2.31%	N/A	N/A
Weighted average expected volatility	16.60% - 33.83%	N/A	N/A
Expected life of awards (years)	3	N/A	N/A

	2017		
	PSU Tranche 5	PSU Tranche 6	DSU
Weighted average fair value per award	\$ 17.78	\$ 11.85	\$ 9.05
Weighted average risk-free interest rate	1.01% - 2.28%	1.11% - 2.31%	N/A
Weighted average expected volatility	18.66% - 43.43%	16.60% - 33.83%	N/A
Expected life of awards (years)	3	3	N/A

Share-based compensation expense included in the Consolidated Statements of Earnings (Loss) for the year ended December 31, 2018 is \$1.3 million (December 31, 2017 - \$0.4 million).

The liability for share-based compensation is \$3.5 million at December 31, 2018 (December 31, 2017 - \$4.7 million). The vested portion of the liability for share-based compensation is \$3.5 million at December 31, 2018 (December 31, 2017 - \$4.7 million).

(Tabular amounts are in thousands of Canadian dollars)

23. RELATED PARTY TRANSACTIONS

(a) Subsidiaries, partnerships, and joint venture

Clearwater's consolidated financial statements include the accounts of the Corporation and its material subsidiaries and a joint venture, as follows:

Entity	Ownership %	Accounts
Adams and Knickle Limited	50%	Equity method
Clearwater Fine Foods (Europe) Limited	100%	Consolidated
Clearwater Fine Foods (USA) Incorporated	100%	Consolidated
Clearwater Ocean Prawns Venture	53.66%	Consolidated
Clearwater Seafoods Holdings Incorporated	100%	Consolidated
Clearwater Seafoods Limited Partnership	100%	Consolidated
Glaciar Pesquera S.A.	86%	Consolidated
Macduff Shellfish Group Limited	100%	Consolidated
St. Anthony Seafoods Limited Partnership	75%	Consolidated

(b) Key management personnel

Clearwater has defined key management personnel as senior executive officers, as well as the Board of Directors, as they have the collective authority and responsibility for planning, directing and controlling the activities of the Corporation. The following table outlines the total compensation expense for key management personnel for the years ended December 31, 2018 and 2017.

Year ended December 31	2018		2017	
Wages and salaries	\$	2,835	\$	3,623
Share-based compensation		966		(108)
Severance		-		1,624
Other benefits		198		364
	\$	3,999	\$	5,503

(c) Transactions with other related parties

Clearwater rents office space to and provides computer support network services to CFFI Ventures Inc. ("CVI"), a related party. The net amount due from CVI in respect of these transactions was nil (December 31, 2017 – \$0.04 million). Any amounts outstanding are unsecured and due on demand.

For the year ended December 31, 2018, Clearwater recorded net expense of approximately \$0.2 million for providing computer support network services to and receiving goods and services from companies related to CVI (December 31, 2017 - net revenue of \$0.06 million). The transactions are recorded at the exchange amount and the balance due from these companies was \$0.1 million as at December 31, 2018 (December 31, 2017 - \$0.07 million due to).

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

24. CAPITAL MANAGEMENT

Clearwater's objectives when managing capital are as follows:

- Ensure liquidity
- Minimize cost of capital
- Support business functions and corporate strategy

Clearwater's capital structure includes a combination of equity and various types of debt facilities. Clearwater's goal is to have a cost effective capital structure that supports its growth plans, while maintaining flexibility, reducing interest rate risk and reducing exchange risk by borrowing in currencies other than the Canadian dollar when appropriate.

Clearwater uses leverage, in particular USD senior unsecured notes, revolving and term debt to lower its cost of capital.

The amount of debt available to Clearwater under its lending facilities is a function of Net Adjusted EBITDA attributable to shareholders, as defined in the credit agreement. Net Adjusted EBITDA attributable to shareholders can be impacted by known and unknown risks, uncertainties, and other factors outside Clearwater's control including, but not limited to, total allowable catch levels, selling prices, weather, exchange rates, fuel and other input costs.

Clearwater maintains flexibility in its capital structure by regularly reviewing forecasts and multi-year business plans and making any required changes to its debt and equity facilities on a proactive basis. These changes can include early repayment of debt, issuing or repurchasing shares, issuing new debt, utilizing surplus cash, extending the term of existing debt facilities and, selling surplus assets to repay debt.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

Clearwater's capital structure was as follows as at December 31, 2018 and December 31, 2017:

In 000's of Canadian dollars

As at December 31	2018	2017
Equity		
Share capital	\$ 215,506	\$ 210,860
Contributed surplus	4,218	3,021
Deficit	(38,848)	(8,722)
Accumulated other comprehensive income (loss)	(36,053)	(39,730)
	144,823	165,429
Non-controlling interest	18,397	17,109
	163,220	182,538
Long-term debt		
Senior debt, non-amortizing		
USD senior unsecured notes, due 2025 ¹	333,955	306,684
Revolving debt, due in 2022 ²	58,019	87,682
Term loan, due in 2019	13,637	12,215
Term loan, due in 2091	3,500	3,500
	409,111	410,081
Senior debt, amortizing		
Term Loan B, due 2022 ³	34,177	34,466
Other loans	112	167
	34,289	34,633
Deferred obligation ⁴	16,504	23,181
Earnout liability ⁴	3,513	5,278
Total long-term debt	463,417	473,173
Total capital	\$ 626,637	\$ 655,711

1. USD senior unsecured notes is net of unamortized deferred financing charges of \$7 million with a US dollar coupon rate of 6.875%. This resulted in an effective interest rate of approximately 7.2%.

2. The revolving debt is net of unamortized deferred financing charges of \$2 million resulting in an effective interest rate of approximately 4.53%. As of December 31, 2018, subject to financial covenants, Clearwater may borrow up to an additional CDN \$90.3 million on the undrawn facility. The availability on this loan is reduced by the amount outstanding on a USD \$10 million non-amortizing term loan.

3. Term Loan B is net of unamortized deferred financing charges of \$0.2 million. As of December 31, 2018, this resulted in an effective interest rate of approximately 4.46%.

4. The Deferred Obligation and Earnout Liability relate to the acquisition of Macduff in 2015.

The Company's share capital is discussed in Note 14 and long-term debt, including the Deferred Obligation and Earnout liability in Note 13.

CLEARWATER SEAFOODS INCORPORATED

Notes to the Consolidated Financial Statements

(Tabular amounts are in thousands of Canadian dollars)

25. CONTINGENT LIABILITIES

From time to time Clearwater is subject to claims and lawsuits arising in the ordinary course of operations. In the opinion of management, the ultimate resolution of such pending legal proceedings will not have a material effect on Clearwater's consolidated financial position.

26. ADDITIONAL CASH FLOW INFORMATION

Changes in non-cash operating working capital
