DUNCAN WATT
Mintlaw, Scotland

WHOLE
ROCK CRAB
面包蟹

Also known as **Brown Crab** in Europe and Asia.

WILD CAUGHT

- **Wild harvested** (not farmed) from the cold, clear waters surrounding the United Kingdom.

100% NATURAL

- Rock Crab is a **100% natural** product with no additives or preservatives.

PRODUCT OF SCOTLAND

- Rock Crab is **harvested and processed** in Scotland by Clearwater's wholly-owned subsidiary, Macduff Shellfish.

READY TO EAT

- **Pre-cooked** – Rock Crabs are pre-cooked and frozen, which means they can be **consumed immediately** after thawing.

- Rock Crabs have sweet, delicate **white meat** in their claws and rich, savory **brown meat** in their bodies.
- Rock Crabs require **little preparation**. Simply serve cold with lemon wedges and mayonnaise, or your favorite cocktail sauce.
- Rock Crabs can also be **gently warmed** by steaming, or by placing in a poacher with salted water for two minutes.
