SEE WHAT

HAS TO OFFER

## WILD PATAGONIAN SCALLOPS

Pure and natural with a sweet taste, Clearwater Patagonian (Argentine) Scallops are wild-caught from the temperate waters of the Argentine Continental Shelf and frozen-at-sea onboard our state-of-the-art factory vessels within one hour of harvest. Typically smaller than Sea Scallops, Patagonian Scallops are ideal for salads, ceviche, pasta and other applications.

## NORWAY LOBSTER

Prized for its delicate flesh and sweet, succulent taste, Norway Lobster originates from the waters surrounding the United Kingdom. Norway Lobster is available from Clearwater in a whole frozen format, as well as shell-off deveined tail and frozen tail meat cluster formats.

## CANNED CHOPPED WILD CLAMS

Clearwater Chopped Wild Clams are naturally blanched in their own nectar, delivering a fresh and sweet taste. Available in two convenient formats, Clearwater Chopped Wild Clams offer a high drained weight and provide 33% more brix concentration than the industry average, eliminating the need to buy additional clam juice.

## ARCTIC SURF CLAMS

Wild-caught from the cold, clear waters of the Canadian North Atlantic, Clearwater's Arctic Surf Clams deliver superior texture and taste with an exceptional ocean fresh flavor. From sushi to sashimi, and even in a delicate salad, our distinctly colorful clams add variety and visual appeal to menus.

## COCKLE CLAMS

Harvested from the pristine waters of the Canadian North Atlantic, Clearwater's wild-caught Cockle Clams offer a mild, sweet taste. Light-colored white tongues make Clearwater's Cockle Clams perfect for breaded and fried applications.

## WHELK

Harvested from the surrounding coasts of the United Kingdom, Whelk is often used as an alternative to the rare and expensive conch. Clearwater's Whelk meat is pressure cooked and shucked from the shell prior to freezing, making it a convenient and ideal product to feature in ready-meal applications, including soups, chowders, gumbos and fritters.

## WHOLE ROCK CRAB

Wild-caught from the cold, clear waters surrounding the United Kingdom, Clearwater Rock Crabs have sweet, delicate white meat in their claws and rich, savoury brown meat in their bodies. Pre-cooked and frozen, Clearwater Rock Crabs are perfect for steaming, frying and boiling.
