WILD CAUGHT SEA SCALLOPS

QUICK REFERENCE

WILD CAUGHT

From the cold, clear waters of the Canadian North Atlantic.

SUSTAINABLE

Certified by the Marine Stewardship Council (MSC).

100% NATURAL

No water or chemicals added.

FRESH FROZEN

Frozen within minutes of catch, maximizing product shelf life upon thawing.

PREPARATION

Excellent seared, grilled, poached or steamed.

FUN FACT!

The entire sea scallop is edible, but in North America we usually only eat the large white adductor muscle.
